Get a 25% discount and transfer 48 credits toward your degree in Building and Construction Studies

TAKE THE NEXT STEP IN YOUR CAREER!

Join us at an upcoming
virtual info session

Tuesday, April 28 • 6 p.m.
To register email,
Kathleen.Moran-Gannon@Jefferson.edu.

The accelerated Bachelor of Science degree in Building and Construction Studies at Jefferson is intended for those looking to increase their employment opportunities and pivot into administrative and project management positions. Prepare for your next career opportunity in construction.

- Graduates will be qualified to perform construction related technical, supervisory, operational and middle management functions.
- Flexible start dates with six eight-week terms offered per year.
- Graduates of The Philadelphia Carpenters JAC receive a 25% discount on tuition and 48 transfer credits towards a 120 credit degree program—**additional college credits may transfer.**
- Graduates may apply the credits to any of the majors offered in Jefferson's Accelerated Bachelor of Science Degree Completion Program—including Building and Construction Studies, Business Management, Organizational Leadership and more.

Visit [Jefferson.edu/SCPS](https://www.jefferson.edu/SCPS) or call **215-951-2900** for more information and to register for an upcoming info session.

We look forward to talking with you about
your plans for your future!
